

# INTRODUCING THE INDUSTRY'S TOUGHEST TMA DUMP TRUCK

(DUMP TRUCK)

(TMA TRUCK)

(TMA DUMP TRUCK)

## WHAT IS IT?

A TMA (Truck Mounted Attenuator) Truck is designed to save lives in your work zone. Royal's TMA Dump Truck, built to meet all work zone safety requirements, is intended to absorb the impact of a high (or low) speed crash, decrease damage made to the vehicle, and save workers' lives. Using Royal's Fast-Trak System, you can quickly disconnect your attenuator, and use your Dump Truck within 5 minutes.
