

VOTED ONE OF AMERICA'S MOST INNOVATIVE TRUCK BUILDERS

Royal

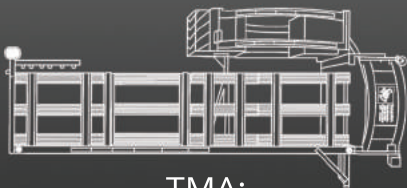

TRUCK & EQUIPMENT INC.

HOOK N' GO

ONE CHASSIS FOR MULTIPLE FLEET DEMANDS

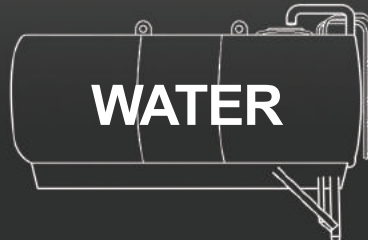

TMA:

Tame the road with Royal's state of the art TMA build. With HD steel racks, arrow board, and Scorpion crash attenuator, all of your work zones will be safer.

Landscape / Dump:

Royal's landscape/dump body is a centerpiece. Featuring custom gusseted sides, and barn style doors, our build is tough enough to outlast any beating.

Tank And Other Options:

Royal is capable of mounting nearly any body conceivable to our unique Hook N' Go design... it can be a water truck, mixer, waste, or dump body.

Safety:

Deploying cones and barrels has never been easier. Royal's safety truck meets your pattern truck needs, equipped with a hydraulic man basket, anti skid flatbed, and yellow powder coated steel racks.

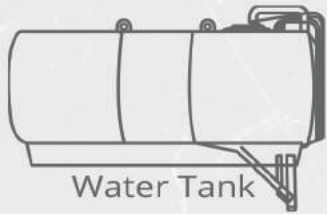

Forestry:

The outdoors don't stand a chance. Our custom gusseted sides offer maximum strength for heavy loads. Royal's forestry body comes with a unique lid-locking system for simple removal.

- ✓ Fleet management & telematics system
- ✓ GPS & anti-theft systems

THE HOOK N' GO IS POPULAR

One truck that becomes every truck you need! Hook N' Go allows you to use one truck chassis with countless interchangeable bodies. Whether it's a TMA, flatbed, forestry, landscape, water tank, or just about any other body... a Hook N' Go truck will allow you to have the right truck on the job in a matter of minutes. Our most popular body is an attenuator/TMA Hook N' Go, featuring a body that includes TL-3 rated (62.5mph) Scorpion crash attenuator, a 4'X8' arrow board with a power folding mount, removable racks, a 4'X8' sign module, a pair of 15"X24" tool boxes, four (4) work lights, and a pair of strobe lights. (All items wired to quick-disconnect to allow for in-cab controls.)
