

Virtual Reality Training Fact Sheet

Virtual reality training enables workers to practice and learn critical on-the-job skills safely away from the dangers of a live work zone through 360° immersive simulations. Our vision for VR is to provide a safe training environment where mistakes can be made without the risk of injury or death.

TRAINING FOR THE REAL WORLD AROUND YOU.

WHAT CAN YOU DO WITH VR?

Virtual training can be used in conjunction with your current training methods to reinforce, enhance, and reduce risk from lack of knowledge when on the job.

- Retrain employees to improve skills or learn new skills for a different role
- Evaluate job candidates to determine ability to perform the job
- Enforce standardization in training across the entire organization
- Provide consistent training regardless of employee location
- Train new hires to ensure readiness before working in a live environment
- Deliver training updates in response to changing state regulations in less time

IMMERSIVE

Highly immersive experience that allows workers to practice tasks in a realistic environment, improving critical retention and recall on the job.

EFFICIENT

Provides the same level of hands-on training as live training in less time.

ACCESSIBLE

Can be used nearly any time and any place, making it highly accessible for workers who cannot travel for training or companies with multiple locations.

KEY BENEFITS

VR Training COMPARISON

University and skilled labor studies have shown significant differences in the results of VR training versus traditional training methods.

VS

DESKTOP LEARNING

+8.8%

Memory recall

VS

CLASSROOM LEARNING

14x

Faster to train

VS

INSTRUCTIONAL VIDEO

12%

Higher Accuracy

VS

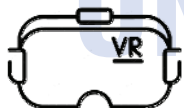

TRADITIONAL TRAINING

275%

More confidence when applying skills learned

3 EASY STEPS TO START TRAINING IN A VIRTUAL WORLD

ONE
Purchase and set up your HTC Vive Focus 3 headset

TWO
Download our VR launcher and install the file on the Vive.

THREE
Set up your Royal login, start using your programs, and get access to free trials any time!
